The Skull King

2025 Selected for Animation Production Support (Main Content)

" Comical situations that arise in the chaotic struggle between the Skull Empire to protect the Golden Castle and Skull Paradise to take the Golden Castle! "

Genre Non Verbal, Slapstick Comedy
Format 1.5 min X 52ep
Age All ages

Overview

The Skull King

**It was Laughter,
which has brought about life
in the city of the dead,
Skull Empire!**

Skull World is a world in which all people have vanished and only their spiritless bones remain.

Two countries exist in Skull World, namely, the Skull Empire whose king owns a castle with a golden crown and Skull Paradise which is trying to take over the castle. The leaders of the two nations, Skull-king and Red-king are attended by two soldiers, who are the cause of most of the trouble.

The daily routine in the Skull World is about covering up the mess these soldiers make.

World Wide Item **SKULL**

A skull slapstick comedy, blending the classic image of a skull with slapstick humor, offers a universal language that unites the world through laughter.

Skulls are iconic symbols found across film, drama, games, fashion, and even architecture. Their broad appeal is evident in platforms like the YouTube channel *ZOMBIEDUMB*.

Without eyes, nose, mouth, or skin color, skulls transcend personal identity, symbolizing kinship, equality, and warmth.

The characters' silly actions and humor offer comfort in daily life, reminding us that we all belong to the same world.

SPACE SHAMAN HUNTERS

Space Shaman Hunters

"There's more than evil spirits for a hunter to hunt down!"

Genre SF, Hard boiled Action, Adventure
Format 25 min X 10ep (Season 1)
Age 15+

Overview

SPACE SHAMAN HUNTERS

" Shaman Hunters hunt down and destroy evil spirits that possess robots in this intergalactic Hard-boiled Stylish Epic! "

Ever since the interplanetary system 'Hyper Jump' was commercialized, humanity has expanded far beyond Earth and developed life in outer space. However, evil spirits known as Mara began to possess machines, taking over and deconstructing their forms to attack humans. The Space United Nations(SUN) placed large bounties on Mara for shamans and sorcerers to eliminate them. Those who collect these bounties are known as 'Shaman Hunters.'

KOCCA Next Gen. Animation Support (2021)

SBA New Target Animation Support (2021)

Differentiation of the Project

- A work that can lead a new wave of Korean animation with a solid storyline and overwhelming visuals.
- Unique design incorporating Oriental shamanism, hyper mechanics, and grotesque expressions of demons.
- A hybrid genre combining hard-boiled action, retro-futuristic cyberpunk, dark fantasy, adventure, and comedic elements.
- Based on a unique world setting and storyline, it allows for the simultaneous development of webtoons and RPG games.
- Implementation of a mysterious, original, and new style of music by incorporating traditional Korean musical elements into the OST.
