Digital Novel, Webtoon Translation & Subtitle Service

With 5 years experiences in Literature Industry, our Digital Novel Services provide a comprehensive range of solutions for authors and readers alike. Our services include Author Relationship Management, Ghost Writing, Writer Academy, and IP Novel creation for English audiences.

Digital Novel Service

From our experiences in localizing more than 500+ titles, connecting with thousands of authors around the world, and helping creating few amazing stories through our team, we offer services as below.

Digital Novel Services

Language Localization

We specialize in localizing novels and webtoon from various languages to Indonesian, as well as translating from Chinese and Indonesian to English.

- Expertise in localizing languages such as Chinese, English, Korean, and Japanese.
- Ensure accurate and culturally relevant translations.
- Expand the reach of novels to Indonesian readership.

Author Relationship Management

We assist in managing relationships and establishing contracts with authors from around the world.

- Extensive network of authors across different genres and languages.
- Facilitate collaboration and ensure smooth communication between authors and our platform.
- Provide support and guidance to authors throughout the publishing process.

Ghost Writer Services

Our trained writers and editors can provide ghostwriting services for novel creation.

- Skilled team of writers and editors experienced in various genres.
- Collaborate closely with authors to bring their vision to life.
- Maintain the author's voice and style while delivering high-quality content.

Custom Writing Content

We can create writing content based on popular genres and reader preferences.

- Pool of talented writers and editors capable of delivering engaging content.
- Stay updated with trends and demands in the market.
- Provide customized writing services tailored to specific requests.

Digital Webtoon & Subtitle Service

From our experiences in localizing more than 500+ titles, connecting with thousands of authors around the world, and helping creating few amazing stories through our team, we offer services as below.

Digital Webtoon Service

Panel Preparation

- Obtain the raw panels from the original webtoon, then separate the individual panels.

Text Removal

- Removing the text from dialogue bubbles without altering the bubble shape or size and ensuring the background remains intact.

Image Restoration (Redrawing)

- Restore any parts of the artwork that were covered by the original text. This involves redrawing elements like character parts, backgrounds, and intricate details such as textures and colors to ensure consistency and make the panel look as seamless as possible.

Typesetting Completion

- Prepare separate layers for new text to be added, ensuring they are well-integrated in the dialogue bubbles within the panel's artwork.

Subtitle Service

Script Extraction

- Extract the original dialogue script and check the script time to match the original video content

Translation

- Translate and adapt the script into the target language while considering as well cultural references, idioms, and humour to resonate with original meaning, tone, and context for target audience.

Subtitle Creation

- Synchronize the subtitles by ensuring its character limits and reading speed to appear at the correct times for optimal viewer readability

Final Adjustment

- Proofread, review and fine tuning the script to ensure the subtitles are clear and easy to read for audiences
